**California Rheumatology and Wellness, Inc uses an electronic health record system (EHR) requires your social security number as your unique identification number. Please help us provide you with the highest quality of care by sharing your social security number. This is very important because without your social security number as an identifier, your electronic medical record may not be complete or may contain inconsistencies. Please be confident your social security number is used only for this purpose – it is never printed out. It is protected from misuse just as we protect your health information.*
